RE: New Orleans Assignment Consent

Could you please review attached letter asking for Philip Morris's consent of assignment in connection with Marlboro's advertising rights at the New Orleans Superdome.

I want to make sure all legal concerns are addressed before forwarding to Rick for his signature.

A copy of the current contract is attached for your reference.

Thank you.

They prepared the document to the proper form for your written consent to the credit assignment. I believe that annual payment to the credit would be made in advance. You would put a credit check or Mitsubishi to raise your comfort level. It can be free in light of the dissolution, you may be free to cancel the agreement pursuant to g.10. Please call if you'd like me to call Jon or if you're interested in cancellation.
